

SUPPLY / CHOOSE YOUR SYSTEM. PLAN YOUR BUDGET.

Start with a clear budget

Three aluminium ranges. Choose what suits your project. Volume affects final pricing.

Standard residential

RESIDENTIAL / STANDARD

\$330–380
AUD / m²

An everyday residential range.
A starting point for your budget.

Residential upgrade

RESIDENTIAL / THERMAL BREAK

\$400–450
AUD / m²

Thermal break aluminium.
Configured for your project.

Commercial

COMMERCIAL

\$460+
AUD / m²

Commercial aluminium systems.
Priced by specification and volume.

Volume matters. Pricing adjusts accordingly.

Base guide prices are in AUD / m². Confirm glazing, hardware and specifications with us. Final pricing is subject to your project quotation.

Already have your windows? We can install them.

See page 2 for installation rates, or page 3 for combined supply and installation budgets.

INSTALLATION / YOUR WINDOWS. OUR INSTALLATION TEAM.

Installation price guide

Melbourne-wide service / 2026 installation rates in AUD

Service	Conditions / basis	Guide price
New home	Single storey	\$90 / m²
New home	Double storey	\$100 / m²
Replacement	Single storey	\$160 / m²
Replacement	Double storey	\$180 / m²
Extra labour	Per hour / per person	\$60 / hour
Projects under 10 m ²	Minimum charge	\$1,000
Aluminium angle: supply & fit	Per linear metre	\$35 / metre
Scaffolding	Customer supplied or quoted to suit site	Quoted separately
Travel	Over 50 km from Melbourne CBD	Quoted per project

All installation prices exclude GST. 10% GST is added to the final invoice.

Replacement rates include removal of existing windows where applicable.

Price includes

Installation labour, packers and screws; reinstallation of existing architraves (labour only); basic adjustment and alignment; existing window removal for replacement jobs.

Excluded unless specified

Rubbish removal or disposal; moving windows upstairs; scaffolding or lifting equipment; cranes or special lifting; additional structural modifications.

Site conditions & access

Place all windows near their designated installation locations beforehand. Upstairs handling, moving heavy windows from crates or repositioning them on site incurs extra labour at hourly rates.

Oversized / heavy windows

Additional labour or lifting equipment may be required and incur extra charges.

SUPPLY + INSTALLATION / ONE TEAM. ONE COORDINATED SERVICE.

Supply + installation, made easy

We coordinate your window and door supply, removal and installation.

SAVE APPROXIMATELY

15%

WITH SUPPLY + INSTALLATION

Combined savings. Additional discounts.

Choose us for supply and installation to save approximately 15%, with further pricing discounts available.

Savings and discount terms are confirmed in your formal project quotation.

Less hassle. Less time. Clearer communication.

One team handles supply, removal and installation, with no back-and-forth between contractors.

Melbourne detached house / Whole-home replacement

\$22,000–\$32,000

Indicative whole-home budget · Supply + removal + installation

Remove existing windows and doors and replace them with quality double-glazed aluminium systems. Our market research indicates this typical whole-home budget range.

TSL Commercial / Commercial double glazing

\$800–1,500 / m²

Based on our project data, use this range as an initial commercial glazing budget. Upgraded specifications can increase costs quickly. Contact us for professional advice.

Tell us about your project. Get a clearer budget.

Send quantities, sizes, site photos and preferred specifications. We will help you select a solution.

Budget guide only. Confirm GST and inclusions in your quotation. Sizes, specifications and site conditions affect costs.
